

## **Tips to make an event inclusive and fully welcoming**

- All events will look different – consider your space and the activities you are choosing and try to eliminate all barriers that may occur.
- Create a family-friendly event and open it up to all ages and abilities
- Become familiar with the adaptations and modifications to all activities you are offering
- Ensure those who use mobility devices, such as wheelchairs, canes, etc. have access to the venue
- Create a floor plan that allows sufficient space for those using mobility devices
- Create a chemical free area
- Use clear directional signage
