

# RECREATION NL'S ARENA OPERATORS COURSE

Monday, August 27 – Thursday, August 30, 2018  
Mount Pearl Glacier

## A comprehensive 4 days of Arena Operations

This training provides the essential skills and knowledge you need to be a great Arena Operator. As well as, the latest in practical tips and techniques from the experts.

It includes classroom and practical sessions. Certificates of completion are awarded to successful participants upon attendance/ completion of all sessions and exam.

*Your Facility Deserves a Trained Arena Operator!*

Hosted in partnership with Recreation NL  
and the City of Mount Pearl

CITY OF  
**Mount Pearl**

## ICE MAKING

**Presented by:** *Dave Loverock (Jet Ice Limited)*

Dave has been providing training sessions throughout North America for 35 years. When there's a question or a challenge, it's Loverock who will figure it out.

In his session he will cover:

- The relationship between the ice surface, the ice resurfer and the refrigeration plant.
- Insight into the eight factors that affect the quality of your ice surface.
- Preparing your arena for ice installation.
- Lying out and measuring hockey sheet.
- Marking, sealing and painting your floor/ice.
- Building and maintaining a great skating surface.
- Logo installation.
- Trouble shooting your building and ice.
- The relationship between the ice surface and energy efficiency

## ICE RESURFACERS

**Presented by:** *Don Schlupp (Olympia)*

Don has been employed as Service Manager for over 30 years with Resurface Corporation. He is extensively involved with product design and engineering. Don has been teaching courses on ice maintenance and operations for over 10 years.

## REFRIGERATION

**Presented by:** *Kevin Harris (CIMCO)*

CIMCO has an extensive background in refrigeration systems design, including new technology and energy efficiency. This session will present the basic considerations of refrigeration from major components and their function through to safety precautions and troubleshooting.
