Introduction to Playground Planning for Volunteers Manual

Price: \$20.00

This manual has all the steps to playground planning, outlining everything from Step A to Play. It gives an overview of all phases of planning a playground including: identifying the target group, site location, maintenance, and risk management. Recreation NL and playground expert, Gerard Philpott, who has over 30 years of playground experience, designed this manual for the community recreation volunteer leaders of NL.

You Can Play Too! Inclusion Manual

Price: \$30.00

This manual provides an understanding about the steps needed for your community to be inclusive. It provides an overview of supports available for an inclusive community, who your participants are, adaptations and accommodations, and information about guiding behaviors. There is also a variety of helpful participant/staff forms and policies and procedures templates, that will assist any community in making sure that everyone gets an opportunity to participate in recreation and physical activities.
